**TULIP PLANTING:** In bordering a bed it is recommended that they be staggered 6 to 8 inches apart. To enhance a flower border, groups of 6 to 12 tulips of one variety are very effective. A large bed is best planted in triangular wedges of 25 to 100 bulbs each, arranged so that they make a continuous pattern. Plant bulbs 5 to 6 inches deep and if soil is heavy, the addition of some sand and bonemeal will help the growth and bloom ability of the bulbs.

GRAPE HYACINTH

SNOWDROPS

The following list contains all of the fall bulbs, among which you will find the different varieties of Tulips, Daffodils, Hyacinths, Crocus, Hardy Lilies and many miscellaneous bulbs. Also included are the Poppies and Peonies recommended for fall planting.

Our bulbs are grown in Holland and shipped to us directly from our grower. We offer only top size bulbs and varieties which have proved as the best in their class for color, form and hardiness.
